

# DO YOU WANT TO BE A BETTER **FOOTBALL COACH?**

**With the UEFA C education, you will become a skilled football coach, regardless of your ambitions.**

This education develops insight on yourself and your players, and you learn how to organize a good training session.

At the same time, you gain pedagogical tools adjusted to the age group you train, helping players personally develop and get the most out of their training.

## The UEFA C-education is the foundation for your coaching career.

All coaches who have no previous coaching education must start with UEFA C1. After that you can continue with UEFA C2 and UEFA C3.

The UEFA C education is aimed at child-, youth- and senior coaches. At UEFA C2, you choose the target group that suits you best.

Once you have completed all UEFA C courses, you can take an exam to secure the C license. The exam takes place online.

UEFA C1

UEFA C2

UEFA C3
